

The remaining six

Original references, published voice evidence and explicit gaps

Harry

Cillian | Seed Audio 1.0

Marcus

Speaking voice: unresolved

Eleanor

Description-based voice | Seed Audio 1.0

Kenji

Julian | Seed Audio 1.0

Valentina

Soraya production reference | published Seedance 2.5 performance

Freya

Juno | ElevenLabs v3

Use the actual image and audio files beside this PDF. The first five are already final. This library preserves the next six without inventing missing approvals or recasting voices.

Rough height/weight defaults are set on the last page. Marcus still needs an existing speaking reference before new dialogue; missing historical metadata does not reopen the other identities.

Measurements & exceptions

Usable baseline; source-recovery exceptions remain explicit

ROUGH FICTIONAL DESIGN DEFAULTS

Established for continuity; approximate targets, not measurements from photos.

Harry	185 cm / 6' 1"	83 kg / 183 lb
Marcus	188 cm / 6' 2"	90 kg / 198 lb
Eleanor	168 cm / 5' 6"	64 kg / 141 lb
Kenji	178 cm / 5' 10"	73 kg / 161 lb
Valentina	170 cm / 5' 7"	64 kg / 141 lb
Freya	173 cm / 5' 8"	60 kg / 132 lb

Marcus speaking voice

No spoken identity established by the located main intro; no named speech job appeared in Marcus asset search.

Harry master

Case study describes a 34-second master; current channel Videos/Shorts and workspace name search did not locate it. Cillian selection and original audio preserved.

Kenji preset UUID

Original job names Julian; the preview-file UUID is not used as a preset UUID.

Height and weight

Rough design defaults established under the user request to finalize; no historical measurement claim.

Extra facial/body angles

Preserve recovered angles; not every character has three independent facial angles plus front/side/back bodies.

Valentina synthesis

Soraya named in original production prompt; exact supplied TTS does not match the final performance, while the source video does.
